Like a roadshow, our end of year event moves around Sussex and for 2018, Brighton will be our host. With three expos and one conference across Sussex, Net XP has grown throughout the year and as such we would like to cordially invite you to our end of year event at the Malmaison Brighton on the 6th December.

As an invite-only event, the finale of 2018 for Net XP, this day is going to be something quite special.

Our only conference in Sussex, it is looking to be an inspiring day of talks, networking, awards and success stories.

To ensure we continue with our ongoing game-theme ethos, the Brighton Conference will be Ten Pin themed - certainly a 'Strike' will help. The marketing theme for the conference is 'The Entrepreneur'. We will also have a game on the day to 'win prizes', ideal for beating the Christmas rush!
